

.FR PERFORMANCE

FIND ALL THE DATA YOU NEED
TO MANAGE YOUR BUSINESS
AND SUPPORT YOUR CUSTOMERS

afnic

Don't have time to process your data?

Don't have a management tool to monitor your business?

Need to know your customers better?

Missing information to develop sales?

A SOLUTION TAILORED TO YOUR NEEDS

You have 3 options

TO MONITOR YOUR BUSINESS:

ESSENTIEL

Provides the indicators you need to make the monitoring of your administrative and financial activity and reporting easier.

- Dashboard
- Overview of your portfolio
- Monitoring of operations on domain names

> included for all registrars

TO KNOW YOUR CUSTOMERS BETTER AND BENCHMARK YOUR BUSINESS:

CROISSANCE

Provides more information about your portfolio and your customers so you can compare yourself with other market players and carry out targeted operations.

- Customer segmentation by industry, geographic area, size, etc.
- Data on incoming and outgoing transfers
- Analysis of your performance compared with the market

> included for << option 1 >>, in beta version for 2019

Want to develop new products based on data?

.FR PERFORMANCE ENABLES ACCESS TO DETAILED DATA ABOUT YOUR BUSINESS, YOUR CUSTOMERS AND THE .FR DOMAIN NAME MARKET

TO ADVISE YOUR CUSTOMERS:

PLATINIUM

Helps you expand your range of products and services and give your customers greater added value.

- Analysis of the technical configuration and use of your domain name portfolio (emails, websites, etc.)
- Access to the .fr zone
- Suggestions of names to lock based on DNS traffic
- Monitor up to 20 character strings

> accessible only for « option 1 » plus a subscription
